4. [REDACTED] Lt. Col. Jack Reiter of Air Force
L&L called and advised that he had been requested by Mr. William Darden,
Staff Assistant, Senate Armed Services Committee, to meet in the
morning with Mr. Darden to discuss the question why the words "interned
in a foreign country" contained in the present Missing Persons Act are
not sufficient. Dependent upon this discussion, H. R. 2989 may be
processed through Senate Armed Services without hearings. Col. Reiter
requested that I join him and Mr. Morrison (Office of Air Force JAG) in
the meeting with Mr. Darden. I indicated I would be present.
